The Directory of Labour Organizations in New Brunswick is produced to provide a convenient reference document of the unions' and employees' associations operating in the province, and to provide basic statistical information on union membership and congress affiliation.

Entries in the Directory are in five parts. The first part contains statistical tables on union membership by size, industry, gender and congress affiliation. The second part lists international and national unions as well as independent local organizations either affiliated or unaffiliated to a central labour congress. The remaining sections contain the names of labour representatives, officials of the Central Labour Congresses, the New Brunswick Federation of Labour, the New Brunswick Council of Labour and officers of the Construction Associations and the Building and Construction Trades Councils in New Brunswick.

The information presented has a reference date of January 1, 1991. It was obtained from a survey completed by representatives of the various labour organizations in New Brunswick. We wish to express our appreciation to these organizations for their cooperation. For further information or assistance, please call (506) 453-3940.
